### **Expressive Watercolor with Alicia Farris - Florals to Faces!**

In this unique 3-day workshop, Alicia will begin warming up students with loose and lively florals. From there, Alicia will segue into her studies of the human face and her expressive and loose style of painting them. Whatever the subject, Alicia encourages her students to paint from their hearts and communicate their emotion about what they are painting.

Alicia will demonstrate throughout and will offer plenty of one-on-one as well as group discussion. Students will have the opportunity to paint the same subject as what is being demonstrated or paint their own subject. Painters at any level are welcome; Alicia encourages artists to nurture their own style and painting journey.

## About the Artist

### Alicia Farris NWS, WHS, SWS, WFWS, SW, MOWS, STLWS

#### Painter of Life

Alicia Farris has been painting professionally and teaching for 20+ years. Alicia loves to share her knowledge and passion and gains incredible inspiration when she teaches her workshops.

The personalities and flavors of people that she encounters in day-to-day life definitely inspire her work. Even if it's for trying to just capture a mood, she usually has one hand on her camera when she's in a crowd. She tries to recreate not just an image, but mood, light, and colors that capture her imagination. Alicia likes to isolate what seems common and try to recreate it in a different light, all the while, providing a source of emotion for the viewer.

Her work has won numerous awards and has been exhibited in galleries and private collections throughout the world.

*Some of the artists who have greatly inspired me are Fealing Lin, Don Andrews, George Kauntoupis, Marilynne Bradley, Sandy Baker, and Bertha Alicia Neales, just to name a few. With art, I feel that I'm on a continual and wondrous journey with so many in the present, as well as with artistic geniuses of the past. Life inspires me to create and I expect that will continue as long as my heart does.*
